

From Gretna Bouldering Committee:

Final Scores from the Comp are now posted! Please keep a few things in mind when checking them out:

1. We probably miss-spelled your name. (some hand writing/last names are tough)
2. Our comp is not centered around the competitive nature of the event, it is only one aspect and is meant to be a personal challenge. Our comp is more about raising money to be used at the park and coming together as a community to voice our opinions as a whole to the park.
3. You might notice a few folks who had zeros who still won (the best thing about our comp is everyone can win via raffle). 2 guys even competed with broken legs!
4. Men and women are together for the final tally. This proves that girls are just as strong as the boys....(step it up next year guys!)
5. You should only be worried about beating your own score next year! Cant wait to see you again, THANKS!
